PHILOSOPHY

Your wedding will be the most beautiful day of your life, and the memories captured should last a lifetime. Through your photographs you can relive these moments and experience the joy you felt forever. Working together as professional photographers, our husband and wife team creates a dynamic partnership that enables us to naturally and artistically portray the emotions of the day. Lacey's photographic observance allows her to create unique compositions that are often overlooked and with a background in graphic arts, Chas has a natural relationship with the camera which shines through his strong and expressive photographs.

STYLE

Our photography is a mixture of photojournalistic and traditional styles. Seeking to capture each moment as quickly as they come, Chas Elliot produces lively images that tell a story and require little retouching. By using two photographers, every moment is fully covered. To see more of our work, view our galleries at chaselliott.com.

PACKAGES

Our unique packages allow you to customize your coverage and maximize your budget. We like to stay very flexible with our package pricing. If there is something you don't see here, give us a call and we can work out an arrangement.

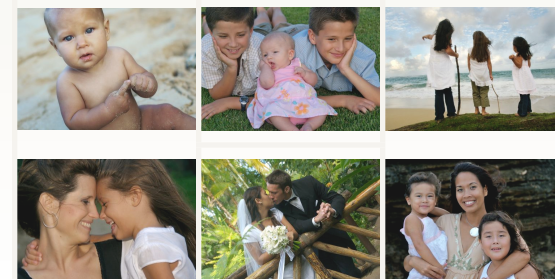

QUALITY

We provide the highest quality wedding, portrait and event photography. We specialize in a photojournalistic style, always capturing your moments in a unique and fresh way. With experience in most every genre of photography, Chas Elliott is known for stunning results and complete satisfaction.
